Windows 7 RTM fingerprint reader and webcam for TX2 driver status I have a Windows 7 computer with a built-in RTM fingerprint reader. I would need to connect a webcam to this computer, so I tried it using "Webcam Drivers" in Control Panel and it doesn't work. I can only access the webcam if I double-click it on the icon for "webcam drivers" in the control panel. I am using Windows 7 (64 Bit) and SP1 I know you can't use webcam with RTMP to video chat with Windows 7
