FarRenewal is a tool to keep up to date with Far Manager and Far Manager plugins. Not only can FarRenewal display the availability of any available Far Manager patches but it can also download and install them. The tool also displays the latest version of Far Manager and plugins. Please note this is not the official team version. Install Instructions: PURCHASE REMOVE THE FARMANUAL3.zip GZ DOWNLOAD THE FARRENEWAL3.zip GZ OPEN FARRENEWAL3.zip GZ LOCATE "FARRENEWAL3" RUN "FARRENEWAL3" Add-Ons If you would like to be a part of the FarRenewal team then please contact the FarRenewal Developer. You can contact the developer at the following address: XXXXXXXXXXXXXXXXXXXX To begin with there is not much to do. FarRenewal just scans and updates Far Manager, it does not replace anything. For full details and instructions see below. Simply run FARRENEWAL3.zip and FarRenewal will check for an update and begin the updating process. If it finds an update it will display the version of far manager and any plugins available for update. If you have Far Manager 1.9.0 or newer you will have no updates available. If you have older versions of Far Manager you will have an available update from FarRenewal. Upgrading from FarManual Version 1.9.0 or later Simply run FARRENEWAL3.zip and FarRenewal will check for an update and begin the updating process. If it finds an update it will display the version of far manager and any plugins available for update. If you have Far Manager 1.9.0 or newer you will have no updates available. If you have older versions of Far Manager you will have an available update from FarRenewal. Existing Loadings Current version (0.1.1) 4/5/2011 09:27:14 PM Patch Information Latest version (0.3.1) 3/5/2011 09:45:17 AM Patch Information Available Software FARMANUAL\_1.8\_OF\_2014-WALKING\_

Continuously updates Far Manager's metadata, its plugins and plugin-specific patches. This means that, depending on what you have installed, or what the updater sees as an upgrade for your Far Manager installation, it will automatically download and install any new plugins and patches available. FarRenewal features: - Secure connection - User account - Plugin/patch version monitoring - Plugin/patch updates - Button in FarManager and Notebook View - Password-protected view of Far and FarPluginInfo - URL for plugin download - Plugin related information - Plugin download button - Plugin information - Plugin installer - User Interface: Powerful information when you first connect to the server.
